### *Susan C. Colver Lectureship Club*

The late Mrs. Susan E. Rosenberger, with her husband, Jesse L. Rosenberger, of Chicago, endowed the "Susan C. Colver Lectures" in honor of Mrs. Rosenberger's mother by giving certain securities to the School. The lecture for 1925-26 is given by Rev. John Timothy Stone, of the Fourth Presbyterian Church, Chicago.

### *Situation*

Mt. Carroll, a town of 2,000 people, situated in northwestern Illinois, ten miles from the Mississippi River, is attractively located among picturesque hills. The neighborhood is justly celebrated for its beauty and healthfulness. It is the county seat of Carroll County, and is exclusively a place of residence. The absence of mines, factories, or great industrial enterprises makes the community an ideal one for an educational institution.

Mt. Carroll is on the Omaha Division of the Chicago, Milwaukee & St. Paul Railway, 128 miles west of Chicago. It is accessible also by automobile route over the Indian Head Trail from the Lincoln Highway at Sterling.

### *Aim*

The School is not an experiment; it is now educating the third generation of young women. The work of the School is accredited by the North Central Association of Colleges and Secondary Schools, which means that its academic graduates are admitted without examination to all colleges and universities which admit on certification. The academic course of study is also comprehensive and thorough enough to meet the needs of those preparing for the examinations of the College Entrance Board. The graduates of the Junior College are admitted to the Junior year of leading mid-western and western colleges and universities without examinations.

The purpose of the School, however, is to train its students for life rather than for any particular college or vocation. It seeks to develop strong minds in strong bodies, to give a background of knowledge, to create tastes and standards of value, to instil principles of conduct that are worthy and Christian, and to inspire, through instruction and training, ideals that are democratic and altruistic, to the end that its students may realize their obligation to make some individual contribution to the common welfare.

### *History*

The School, founded in 1853, and known for forty-three years as Mt. Carroll Seminary, was transferred in 1896, by the wish of the founder, Mrs. F. A. W. Shimer, to a Board of Trustees of fifteen members, representing the University of Chicago, the alumnae of the Seminary, and the citizens of Mt. Carroll.

The hundreds of graduates and pupils of Mt. Carroll Seminary are included as graduates and pupils of the School, and the large constituency, with traditions of culture and Christian service gained in more than seventy years, furnishes a constant source of support.

## *Equipment*

Frances Shimer School has the advantage of over seventy years of history, experience, and traditions; yet its equipment is entirely modern, having been rebuilt and enlarged since 1903. The nine buildings, solidly constructed of brick and stone, are heated by steam, lighted by electricity, and furnished with modern conveniences. Each building was erected and equipped for the purpose it serves in the educational aims of the institution.

### *Dearborn Hall*

(1903)

This building for Instrumental and Vocal Music contains practice-rooms with eighteen pianos, and rooms for instruction. The building is named for Mrs. Isabel Dearborn Hazzen, formerly head of the Department of Music for over twenty years.

### *Hathaway Hall*

(1905)

Hathaway Hall was named for Mrs. Mary L. Hathaway Corbett, of the class of 1869, a sister of Mrs. Hattie N. LePelley, a former Trustee of the School, who gave liberally toward the erection and furnishing of the building. The basement contains a modern gymnasium 87×36 feet, with shower-baths and toilets. The three upper floors contain parlor, rooms for forty people, baths, and trunkroom. The parlor was furnished by the Mt. Carroll Seminary and Frances Shimer School Association of Chicago. Adequate fire protection is secured by a standpipe, with hose connections on each floor, and fire escapes on each end.

### *West Hall*

(1906)

West Hall is a well-equipped home for fifty people. It is 154×40 feet. On the ground floor is the lounge, 38×50 feet, with fireplace. The studio is on the upper floor. Standpipe, with hose on each floor, and fire escapes are provided, with ample stairways in addition. Bathrooms are on all floors where pupils reside.

### *Metcalf Hall*

(1907)

Metcalf Hall, to which Andrew Carnegie contributed \$10,000.00, is 107×44 feet, native stone and sand-mold brick, two stories and mezzanine story, with tower and finial 100 feet high. The building contains offices, cloakrooms, recitation rooms, and auditorium. The auditorium is equipped with stage, curtain, and other facilities for school plays. The walls are adorned with pictures presented by various classes and individuals illustrating different periods of art and architecture, and including, among others,

a plaster cast of a part of the frieze of the Parthenon, large photographs of the Roman Forum, the Parthenon, the Cathedral of Florence, Michelangelo's "Jeremiah," the Cathedral of Amiens, Rembrandt's "Syndics," Dürer's "Saints Mark and Paul," and St. Peter's Church.

The building is named in honor of Mrs. Sarah Metcalf, a lifelong friend of the School, whose son, Dr. Henry S. Metcalf, was long president of the Board of Trustees.

### *College Hall*

(1909)

College Hall is modified colonial, 90×40 feet, three stories, with basement and attic. The main feature of the ground floor is a drawing-room, 40×32 feet, broken by Corinthian columns, in addition to a broad, spacious reception hall, parlor, dining-room, and service kitchen. The second and third floors contain rooms for about forty pupils and teachers. The building furnishes a home for College girls and social facilities for the use of the entire School.

### *Power Plant and Laundry*

(1911)

The building is brick on concrete foundation, 80×56 feet. In the steam plant are installed two eighty-horse-power tubular boilers. These boilers are served by two Jones's underfeed stokers. The plant maintains a pressure of steam in the radiators in rooms and halls throughout the institution.

The laundry, which occupies a third of the building, is equipped with modern laundry machinery.

### *The School Infirmary*

(1913)

The infirmary is 43×36 feet, red pressed brick and stone trimmings, with concrete foundation. It is one story high, with concrete, covered porch. The building contains a nurses' reception room, two wards, two completely equipped bathrooms, two rooms for nurses, a kitchen, in addition to hall and linen closets.

### *Science Hall*

(1914)

Science Hall is a building of stone and brick, two stories and basement, 78×44 feet. The basement contains gas machine, hot-water heater, facilities for hand laundry for use of pupils, and storeroom. The main floor is given chiefly to Home Economics and Household Art.

The upper floor contains the chemical laboratory, 32×18 feet, with chemical work tables of latest design, well equipped for the use of sixteen pupils.

The physics laboratory, 18×28 feet, is equipped with a demonstration table, with electric, gas, and water connections. The laboratory is intended

to accommodate ten pupils working at one time, and the supply of apparatus fills all needs for experiments outlined in the Millikan and Gale *Manual*.

The Biology laboratory, which extends across the west end of Science Hall, is a large room with windows on three sides. A closet for laboratory supplies adjoins. The laboratory contains a stone-topped working bench which is fitted with gas and water, and has also five large laboratory tables with drawers. It is well equipped with compound microscopes, dissectingscopes, slides, and Jewell models.

### *William Parker McKee Hall*

(1922)

William Parker McKee Hall, built by funds contributed by the Baptist Board of Education, is 112×40, of red pressed brick with stone trimmings, is four stories high. The ground floor contains the dining-room, serving-room, and kitchen. The other floors have a parlor for the use of the students, a suite of rooms for the Principal, a kitchenette, ample bathrooms, and rooms for fifty-six students and teachers. This building furnishes an additional home for College girls, and a dining-room for the entire School. This building is named for William Parker McKee in honor of the completion of twenty-five years of service as Dean of the School. A portrait of the Dean by Ralph Clarkson, contributed by trustees and former students, hangs in the dining room.

### *Campbell Memorial Library*

This building is the latest addition to the campus group. It was erected during the year 1925 by funds furnished in part by Mr. George D. Campbell and Mr. S. J. Campbell of the Board of Trustees, and by Miss Jessie Campbell, '07. The School is also indebted to Senator William McKinley for a gift of \$5,000 for this building. It is named in honor of Mr. and Mrs. Robert Campbell, long friends of the School. It is a two-story-and-basement building of the Colonial style of architecture, 72×30 feet, solidly constructed of brick, concrete, and steel.

The School had the benefit of much expert advice in planning the arrangement and equipment of the building, designed by C. A. Eckstorm, Chicago, and every care was taken to make it adequate for the purpose. It is finished in red oak, with rubber tile floors insuring the desired quiet. The equipment was furnished by the Library Bureau. The basement contains shelves for storage. The reading room occupies the entire first floor. Here the present library of almost 6,000 volumes is housed. The southwest corner of the room is reserved for the Hazzen Memorial Collection. This gift of over 1,000 volumes was made by Mrs. Isabel Dearborn Hazzen from the library of her husband, the late Henry Wilmarth Hazzen, long a teacher in the School. Another valuable addition of books received during the year was the collection given by Mrs.

Winona Branch Sawyer, '71, of Lincoln, Nebraska. The upper floor of the Library will be reserved for an art gallery which the School is seeking to develop.

### *Winona Branch Sawyer House*

During the summer of 1926 this building, the gift of Mrs. Winona Branch Sawyer, Class of '71, will be erected. It will serve as a residence for the head of the School.

### *Churches*

Members of the School go to the Baptist or Methodist churches. The Methodist church is large and commodious, equipped with pipe organ and Sunday-school room in addition to the auditorium. The Baptist church erected in 1913 a Sunday-school building as an addition to its equipment and enlarged its audience room and organ and installed a steam-heating plant.

### *Social Life*

The private boarding-school has an opportunity that does not come to the public institution—it commands and is likewise responsible for all the students' time. Under these circumstances the extra-curricular activities become second only in importance to the program of the curriculum. Social education is part of college training. The activities of the various student organizations not only supply adequate diversion, but give valuable training in social co-operation and in the worthy use of leisure. The social atmosphere of the School is wholesomely democratic. Every girl is expected to use and develop for the general benefit whatever social gifts she may possess. Appropriate dress, a pleasing manner, poise, graciousness, entertaining conversation, ability to appear at ease before an audience, are as much a part of the School ideal as are scholastic attainments. With the assistance of class counselors the students give class parties, lunches, dances, bazaars, teas, lawn fêtes, concerts, and plays; they plan menus, arrange decorations, devise costumes and stage properties. Occasionally they write their own plays. A Victrola with many valuable records aids in the cultivation of an appreciation of the best in music. A motion-picture machine is used both for entertainment and instruction. A series of the better films selected by a committee in charge is presented during the year.

The location of the School is exceptionally favorable for the cultivation of interest in out-of-door life and sports. Golf, tennis, hockey, basket-ball, captain-ball, coasting, cross-country walks, and picnicking are a part of the daily life, contributing to appetite and sound sleep, and laying the foundations for physical health and mental poise.

## *Endowment*

At her decease, November 10, 1901, Mrs. F. A. W. Shimer left the bulk of her property in trust for the benefit of the School. The property consists of money and real estate, chiefly in Illinois, Iowa, Nebraska, and Florida.

In addition to this, Miss Adelia C. Joy, for twenty years Lady Principal of Mt. Carroll Seminary, who died in October, 1903, in Davenport, Iowa, left bequests to the School and to the Educational Aid Association. The latter is for the benefit of pupils in the School who are worthy and who need financial help.

Further endowment is greatly needed for the general purposes of the School. Friends of the institution are urged to visit it and acquaint themselves with the character of the work done. Those who are interested in disposing of their property in this way are referred to the directions given in such instances on the third page of the cover of this *Calendar*.

## *The Junior College*

### *Why a Junior College?*

In the reorganization of the American school system there is a tendency to redistribute the work of the high school and the college, and to include in the period of secondary education the first two years of college work. The new institution, the Junior College, is today doing an increasing proportion of the work of the College Freshman and Sophomore years.

Some students wish to continue their education beyond the high school, but do not desire the more extended type offered by the four-year college. For these students the Junior College, furnishing a practical and thorough training, serves as a completion school.

The tremendous growth of the large universities, resulting at times in overcrowding, frequently renders it advantageous to the student to do the work of the Freshman and Sophomore years in a smaller institution.

The private Junior College combines a safe, comfortable, attractive home life and close association of students and faculty with the high quality and standards of instruction given in the large institutions.

The two years of the Junior College serve as a transition from home into the larger and more complex life of the university. During this period students under guidance grow in knowledge, self-reliance, and in soundness of judgment, and are thus prepared to meet the exacting work and the deeper problems presented by the larger world of the great universities.

*Aim of Frances Shimer Junior College*

Frances Shimer Junior College is planned to meet the needs of two classes of students:

1. Those who plan to complete the four-year college course, but who wish to take the Freshman and Sophomore years in the socially supervised environment of a private Junior College of high scholastic standards. The diploma of the School admits to the Junior year of all middle western and western colleges and universities.

2. Those who wish to make the Junior College a completion school. To such the Junior College offers cultural literary courses of college grade combined with work in Domestic Science, Music, Art, and Expression.

*Admission to the Junior College*

Students will be admitted to full Junior College standing upon the presentation of fifteen units completed in an accredited high School. A student with fourteen units may enter on condition. A unit in any subject represents five recitations a week for a school year. No classification is given until the certified list of credits is presented. A candidate for admission must also present a certificate of honorable dismissal from the last school attended.

*Requirements for Graduation*

No student may graduate from the Junior College with less than 60 semester hours' work, an average of 30 each of the two years of the course. (An hour means a recitation once a week for one semester.) As a rule students are advised to carry four studies, each meeting four times a week, making 16 recitation periods each week. A diploma is given at the end of the course.

Students wishing to receive college credit in music must possess as a prerequisite the equivalent of Grades I to VII in Piano, pp. 37, 38, or I to VI in voice. The college music requires not less than one hour a week of instruction with the head of the Department, and not less than two hours a day practice. Credit will not be given in practical music without a year in Harmony. For extra charges in practice and theory, see "Expenses," p. 42.

The Junior College work is the equivalent of the Freshman and Sophomore years of a regular college. At the University of Chicago credit is given without examination on the basis of two majors for one unit, but a student whose average is 80 or better will be given 18 majors for the two years' work, 64 semester hours. Institutions which have the semester system grant credit as a rule, semester hour for semester hour. A good student who has done two full years' work at Frances Shimer School may enter the Junior class at college, provided the work done here is chosen with reference to the require-

ments of the college of her choice. These institutions have given advanced standing to pupils who did one or more years of college work at the Frances Shimer School: University of Chicago, Boston University, Goucher College, University of Nebraska, University of Colorado, Leland Stanford Junior University, University of California, Northwestern University, Wilson College, Knox College, University of Illinois, University of Wisconsin, Colorado, Lake Erie, Simmons, and Grinnell colleges, the Universities of Iowa and Michigan, Iowa State Teachers College, University of Minnesota, Illinois State Normal College, University of South Dakota, Dakota Wesleyan University, and Colorado Agricultural College, Beloit, University of Indiana, Oxford College for Women, Drake University.

Pupils contemplating taking Junior College work are requested to write the President stating specifically what work they wish to do.

## Junior College Courses Offered\*

### 1. English

MISS E. MAY PARKER AND MISS POLLARD

1. ENGLISH COMPOSITION: A study and application of the fundamental principles of composition, and the four forms of discourse. Long and short themes. Personal conferences. Textbooks: Manly and Rickert's *The Writing of English, Handbook of Composition*. Required for graduation from the Junior College. First semester.

2A (1). COMPOSITION: A study of the essay and the short story, with practice in writing. Two semester hours. (2) AMERICAN LITERATURE: Its relation to national life and thought. Two semester hours. Second semester.

2B. SURVEY OF ENGLISH LITERATURE: Assigned readings, arranged chronologically, to show the historical development of English literature, with reference to the characteristics of each period. Introduction to interpretation and criticism through assigned readings. Textbook: Manly and Rickert's *Prose and Poetry*; additional essays; plays; novels. Second semester.

NOTE: English 2A or English 2B is required for graduation from the Junior College.

3. SHAKESPEARE: A study of representative plays from the four periods, with an introduction to Shakespearean criticism. Prerequisite: English I, and English 2A or 2B. First semester.

4. BRITISH POETS OF THE NINETEENTH CENTURY: Wordsworth, Coleridge, Scott, Byron, Shelley, Keats, Browning, Tennyson.

### 2. History

1. AMERICAN HISTORY, 1787-1865: First semester; Text supplemented by reference work. Weekly papers. Second semester, MR. MCKEE.

2. ENGLISH HISTORY—PERIOD DOWN TO 1603: Supplementary reading in both source and secondary material. Notebook-work and written papers. First semester.

3. ENGLISH HISTORY—1603 DOWN TO MODERN TIMES: Same as first semester.

4. HISTORY OF ART: Course begins with early Greek art but is based mainly on the painting, sculpture, and architecture of the period of the Renaissance and since that time. Instruction to be supplemented by the use of pictures. Notebook-work and outside biographical reading.

\* Each course, unless otherwise stated, counts four semester hours for each semester; that is four-sixtieths of the total number of sixty hours required for graduation from the Junior College.

### 3. *Economics and Sociology*

OUTLINES OF ECONOMICS: Consumption, Production, Money, International Trade, The Labor Problem, Transportation, Socialism, Public Revenues, Expenditures, Taxation. *Outlines of Economics* by members of the Department of Political Economy of the University of Chicago will be used as a basis. First semester. MR. MCKEE. Open only to second-year College students.

1. SOCIOLOGY: Designed to give the student a working system of thought about society, social forces, social control, collective behavior, and social population, race prejudice, poverty, and crime. Second semester. Miss Emerson.

### 4. *Education*

A survey course including a study of (1) the development of the American school system, (2) the major problems of education, and (3) present-day theories and practices in Education. The purpose is (1) to orient the student in the great field of Education and to prepare for specialized study, and (2) to introduce those who wish to prepare for teaching to the problems connected with the organization and administration of schools. Texts: Judd, *Introduction to the Scientific Study of Education*; Frazier and Armentrout, *An Introduction to Education*. Collateral reading: Thorndike, Cubberly, Dewey, Terman, Bagley, Strayer, Charters. Second semester. Open only to college Sophomores. MRS. MCKEE.

### 5. *Psychology*

The course includes: (1) a brief survey of the problems and methods of psychology; (2) a brief study of the human nervous system and its functions; (3) an analysis of the phenomena of consciousness and behavior, including the processes and laws of mental development. Prerequisite: Physiology.

Text: Robinson and Robinson, *Readings in General Psychology*, with references to other authors, especially James, Judd, Dewey, Angell, Royce, Pillsbury, Thorndike, and Titchener. First semester. MRS. MCKEE. Open only to College Sophomores.

### 6. *Physical Science*

MISS WARDWELL

1. GENERAL INORGANIC CHEMISTRY: Both semesters. Text: Smith, *General Chemistry for Colleges*. Laboratory manual: Smith, *Laboratory Outline of College Chemistry*. Laboratory fee, \$5.00 each semester. 4 laboratory periods and 3 recitation periods per week.

7. *Natural Science*

MISS PETERS

1. **PHYSIOLOGY:** This is an introductory course in the study of physiology and includes a study of the circulatory, respiratory, digestive, and nervous systems of the body. The work is partly experimental and partly demonstration. The laboratory manual is the one prepared by the Physiology Department in the University of Chicago. Text: Martin, *The Human Body*. Both semesters. Laboratory fee, \$5.00.

2. **ZOÖLOGY:** This course embraces the fundamental principles of zoölogy. Only a few animals, as reviewed from the evolutionary standpoint, are considered. Morphology is co-ordinated with physiology, ecology, and behavior, and serves to illustrate the probable course of evolution. The course parallels Zoölogy I as given at the University of Chicago. Second semester. Laboratory fee, \$5.00. Text: Hegner, *Introduction to Zoology*. Laboratory Manual: Hyman.

3. **BOTANY—COLLEGE:** A general survey of the principles of botany. Morphology is studied by means of type forms from the four great plant groups. Ecology, plant physiology, and reproduction are also emphasized. First semester. Laboratory fee, \$5.00.

4. **BOTANY 2:** Course in Systematic Botany. Second semester. Laboratory fee, \$5.00.

8. *Mathematics*

MISS MORRISON

1. **TRIGONOMETRY:** Trigonometric functions of angles, logarithms, and the solution of triangles. Relations between functions of more than one angle, inverse functions, and trigonometric equations. Prerequisite: Algebra and Geometry. First semester.

2. **SOLID GEOMETRY:** Lines, planes, and angles in space; a consideration of polyhedrons, cylinders, cones, and spheres, with computation of surfaces and volumes. Second semester.

3. **COLLEGE ALGEBRA:** Algebraic review, progressions, complex numbers, integral and fractional functions of the  $n$ th order, their zeros and general properties, undetermined coefficients. Prerequisite: Algebra and Geometry. Second semester.

9. *Latin*

MISS HOSTETTER

1. **CICERO:** *De Senectute*; **TERENCE:** *Phormio*; Latin writing. First semester.

2. **LIVY:** Books 21 and 22. Selections from Book I. Latin writing. Second semester.

3. HORACE: *Odes*. Outline history of Latin literature. First semester.
4. TACITUS: *Agricola* and *Germania*. Second semester.

### 10. French

MISS THOREEN AND MISS RUEDEBUSCH

#### FIRST SEMESTER

FIRST YEAR: *Grammar* (Fraser and Squair); *Simple French* (François and Giroud). Reproduction of easy stories.

SECOND YEAR: Advanced work in Grammar and Composition. *La poudre aux yeux* (Labiche et Martin); *La mare au diable* (Sand).

THIRD YEAR: *French Composition* (Koren); *Mlle de la Seiglière* (Sandeau); *Tartarin de Tarascon* (Daudet).

FOURTH YEAR: *Le bourgeois gentilhomme* (Molière); *French Realists*; *Le Cid* (Corneille).

#### SECOND SEMESTER

FIRST YEAR: *Grammar* and *Simple French* continued. *La tâche du Petit Pierre* (Mairet). Short themes on material read.

SECOND YEAR: *Introductory French Prose Composition* (François); *Colomba* (Mérimée); *La chute* (Hugo). Themes through the year.

THIRD YEAR: Grammatical review. *Le curé de Tours* (Balzac); *Le gendre de Monsieur Poirier* (Augier). Themes and sight translation throughout the year; reports on books read outside of class.

FOURTH YEAR: *Les Misérables* (Hugo); *Letters* (Madame de Sévigné). Composition and themes throughout the year; reports on books read outside of class.

### 11. Spanish

MISS RUEDEBUSCH

#### FIRST SEMESTER

ELEMENTARY: Fuentes and François, *Practical Spanish Grammar*, 50-75 pages of easy Spanish text, such as Dorado, *Primeras Lecturas de Español*.

INTERMEDIATE: Espinosa, *Advanced Spanish Composition and Conversation*, and a thorough Grammar review. Reading of 250-300 pages of Spanish text, such as Carrión Aza, *Zaragüeta*; Alarcón, *El Capitán Veneno*.

#### SECOND SEMESTER

ELEMENTARY: Grammar continued. Pronunciation, conversation, dictation. Reading of 75-100 pages of Spanish text.

INTERMEDIATE: Composition and grammar review continued. Reports on outside reading and 250-300 pages read in class. Pérez Galdós, *Mariucha*, Martínez Sierra, *Teatro de Ensueño*.

### 12. Music

Credit, not to exceed 8 hours out of 60 required for graduation from the Junior College, may be given for work done in either Piano or Voice (not a combination of the two) with these conditions:

a) Applicant must present at the same time a course in Harmony covering 4 hours a week for 36 weeks.

b) Prerequisite to the college work in Piano (see p. 18) and Voice, Grades I-VI (pp. 35, 36).

c) The work in practical music must be the equivalent of the advanced piano or voice courses, Grade VII as listed in *Calendar*, p. 36, or advanced voice course, p. 37, with one (1) hour's instruction per week and 2 hours' practice per day for one year.

Harmony, four hours a week, both semesters.

### 13. Teachers' Course

Pupils who complete this course will be recommended by the Illinois State Examining Board to the County Superintendent to receive a certificate to teach in the elementary grades and may be indorsed by the County Superintendent for teaching in the first two years of high school, without examination. If those who have completed this course will take six semester hours in Practice Teaching in a normal school, they may then have their certificates indorsed for teaching in the full four years of the high school.

### 14. Physical Education

See p. 34

### 15. Home Economics

The courses offered in this department are planned for two classes of students, those who expect to specialize later in Home Economics and those who desire some fundamental knowledge of household problems.

Credit—4 hours

## *The Academy*

The Academy is a member of the North Central Association of Colleges and Secondary Schools.

On entrance and before classification pupils must present an official report from the school last attended, showing courses pursued and standing. Students will be admitted to advanced classes on presenting such written statements from principals giving detailed account of work done. Classification is delayed until a certified list of credits is produced. Vacation work and work done under private tutors will be accepted only on examination.

The courses of study in the Academic Department include the requirements necessary for admission to the best colleges. Any academic pupil who wishes to prepare for a specified college or university will pursue such studies as may be required by that institution. Other pupils will select such studies as they prefer, subject to conditions stated below and to the approval of the President.

In the statements which follow a unit usually represents an exercise five times a week for the usual school year.

Students who complete fifteen units (three of which must be in English, two in a language other than English, one in History, two in Mathematics, and one in Science; if but one year Science is offered it should be in third or fourth year of the course) from the list below will be entitled to the Academic Diploma of the Frances Shimer School. For graduation in Elocution, Music, and Art, see statements of those departments.

Pupils who do not wish to graduate may be excused from these required subjects, subject to the approval of the President.

Physical culture is required of all pupils. This is in addition to the 15 units mentioned above.

### *Summary of Academic Courses Offered*

Each pupil is expected to have four studies. Strong pupils may sometimes carry an extra course in Music, Art, or Elocution. The recitation periods are forty-five minutes long. Monday is the weekly holiday.

In certain cases electives may be taken in other years than the ones stated.

French may not be taken until the second year, or preferably the third year. Biblical History may not be taken until the third year. Stenography may not be taken until the third year.

One-half unit is allowed for sewing one semester, 10 periods a week. One-half unit is given for cooking 10 periods a week, one semester.

One-half unit in Music may be secured by taking instruction one hour a week for one year, practicing one and a half hours a day, or a unit for two years.\* For two years' work in Elocution, or for seven and one-half hours a week one year in Art, one credit is given. Not more than three of the fifteen units offered for graduation may be made up of Music, Art, Elocution, Stenography and Typewriting, Cooking, Sewing.

\* In Voice, one hour practice the first year; one and one-half the second.

The work offered above, if rightly chosen, is ample for admission to the University of Chicago, to Vassar, Wellesley, and other colleges for women, and other universities and colleges East and West. To ascertain the exact requirements at each college it is advisable to write to the college concerned. It is highly desirable that pupils wishing to prepare for college should enter here early in the Academy course, otherwise they may lose a year in preparation for college entrance. This has been the experience of many girls who spent some years in schools not on the accredited list of the colleges in question.

Pupils from other schools who desire certification to college from this institution must spend at least one year here carrying at least three studies as members of the Senior class.

Examinations are held each semester. Reports showing term and examination standing are sent to parents. Students who have completed these examinations in the required studies will be admitted without examination to the University of Chicago, the state universities, and all other colleges which admit on certificate.

The time for graduation from the Academic Department is usually four years. To graduate a student must be in residence at least the full Senior year, carrying three or more subjects.

For graduation in Music, Art, and Elocution, see pages given to those departments.

## *Academic Courses*

### *1. English*

Composition and literature receive about equal attention in each year's work. Reading outside of the books specifically mentioned in the outline is encouraged and sometimes required. The books studied and the ground covered vary somewhat from year to year. The third year of the work is elective, the other three required for graduation; however, students are strongly advised to take the third-year work. Two English courses may not be taken at once; the fourth-year work may not be taken until the Senior year.

*Fees per Semester (Academy)*

|              |         |
|--------------|---------|
| Cooking..... | \$15.00 |
| Sewing.....  | 5.00    |

These extra charges are in addition to the regular bill of \$600.00 a year.

10. *Physical Education*

A large campus affords opportunity for out-of-door sports in tennis, basket-ball, baseball, coasting, and golf. The nine-hole golf course is an unusually attractive one and is well kept. The gymnasium, on the ground floor of Hathaway Hall, extends over a space 87×36 feet, with ample light, heat, and shower baths.

FALL: Tennis; golf; hiking; hockey; low organized plays and games, therapeutic gymnastics.

WINTER: Marching tactics; calisthenics; apparatus work; gymnastic games and contests; interpretative dancing; therapeutic gymnastics; basket-ball; hiking; coasting.

SPRING: Interpretative dancing; field and track; baseball; therapeutic gymnastics; hiking; low organized games; tennis; golf.

Each pupil is required to have four periods a week in physical training, and in the fall and spring regular periods at tennis, golf, or basket-ball are substituted for indoor gymnastics. Physical examination is given.

Under the régime of the work, physical weaknesses are corrected, the chest, waist, and limbs are strengthened, the carriage is improved, and the physical condition generally is given tone and vigor.

## II. Expression

Each pupil receives one private lesson and two class lessons a week. The private instruction gives individuals training in voice development and in the ridding of mannerisms that cannot be obtained in class. The classroom work, on the other hand, is indispensable for audience practice and drill to overcome self-consciousness.

### FIRST YEAR

Fundamentals of Expression; Voice; Gesture; English Diction; Analytical Reading; Physical Training; Literary Interpretation; Recitals.

Text: *Evolution of Expression*, Vols. I and II. Sixteen progressive and graded steps; study of selections from the great orators, essayists, dramatists, and poets, illustrative of the sixteen steps; drill work and application to the individual needs of the pupil.

Text: Clark's *Interpretation of the Printed Page*. A study in literary analysis; interpretation of difficult passages in literature; group sequence; values; denotation; connotation

### SECOND YEAR

Advanced Literary Interpretation; Voice Technique; Physical Training; Platform Deportment; Impersonation; Recitals; Dramatic Art; Play Presentation.

Text: *Evolution of Expression*. Vols. III and IV. Study of Plays, Modern and Classic. Each graduate is required to present a recital program.

*Diploma*.—Pupils who show marked ability in this department will be granted a diploma after completing the two years' course, the additional requirement being thirteen units in the academic work, which must include three units of English, one unit of History, and one unit of Science.

12. *Course in Stenography and Typewriting*

The business course offered at the Frances Shimer School is taken by college students and others. It is the aim of this department to fit students to take notes in shorthand from university lectures, if they wish to pursue courses in some institution of higher learning; to take positions as secretaries, if they have had sufficient college training; or as stenographers, if they are high-school graduates. English is required. Psychology, History, and French are earnestly recommended to be taken in the regular classes of the Academy or Junior College.

STENOGRAPHY I: The Gregg system is used. The *Manual* is completed, emphasis being placed on accuracy rather than speed, and much practice is given in outside reading of shorthand, the *Gregg Writer* being used as material. One period a day, one year.

TYPEWRITING I: Instruction in the use and care of the typewriter; and for the mastery of the keyboard by the sense of touch. Practice in letter-writing, the use of carbon, tabulation, and writing on cards. The course affords a working knowledge of the use of all parts of the typewriter. One period a day, one year.

13. *Music*

HARMONY: A study of harmony at the keyboard and by written work covering major and minor keys, key relationship, intervals, triads in all forms and their relationship and identification to keys, cadences, all chords of the seventh, the dominant ninth, altered chords, chord progressions in four-part writing, appoggiatura, suspensions, anticipations, passing-tones and chords. Analysis of hymns and instrumental forms. Original composition of hymns, simple instrumental pieces, and songs.

Text: W. A. White's *Harmony and Ear Training and Harmonic Part Writing*.

Class recites five times a week. First and second semesters, MISS ALLYN.

SOLFEGGIO: It is becoming increasingly necessary for vocalists to have a thorough knowledge of sight-singing. This course is arranged especially for vocal students wishing to prepare themselves for soloists, or teachers of music in public schools. It comprises drill in interval and scale singing, time subdivisions, dictation, and part singing.

Class recites two lessons per week. First and second semesters, MISS WALLACE.

## Departments of Music and Art

The regular

*Piano Course*

which pupils of average musical ability may, by taking two half-hour lessons per week and practicing three or four hours per day, complete in three years is divided into six grades:

### GRADES I AND II

Major and minor scales with corresponding chords and arpeggios and finger technique; studies by Duvernoy, Opus 176 and 120; Krause, *Trill Studies*; Loeschhorn, Opus 66, Book 1; Heller, Opus 47; Lecoupey, Opus 26; Bach, little preludes and two-part inventions; sonatinas; easy sonatas by Mozart, and Beethoven, Opus 49, Nos. 1 and 2; also melodious pieces of corresponding difficulty.

### GRADES III AND IV

Scales continued; chords and arpeggios of the dominant and diminished sevenths; studies by Biehl, Opus 60 and 66; Loeschhorn, Opus 66, Books 2 and 3; Czerny, Opus 299; Hasert, Opus 50; Heller, Opus 45 and 46; Bach, three-part inventions and French suites; selections from Händel, *Album*; sonatas continued; Mendelssohn, "Song without Words"; modern composers.

### GRADES V AND VI

Scales in double thirds; octave studies and advanced technical work; studies by Czerny, Opus 740; Cramer and Clementi, *Gradus ad Parnassum*; Bach, English suites and clavichord; Schumann's compositions; Weber's works, and pieces by Bendel, Godard, MacDowell, Liebling, Loeschhorn, Chopin, Henselt, and Grieg; Beethoven's sonatas.

In every grade a sufficient number of pieces will be given to insure proper development of style. The course for graduation also requires sufficient work in accompanying and transposing to render the pupil proficient in both.

Students may enter any grade for which they are found qualified. Some previous knowledge of the rudiments of music is expected of pupils entering the regular course. Superior advantages, however, are provided for those beginning music.

Requirements for graduation in the Piano Course include the work of the above-mentioned six grades, together with Harmony and Analysis one year, the literary work required of all students of Music and Art (see p. 41), the History of Music one-half year, and the following selections memorized: one concerto, Mendelssohn G-minor concerto or equivalent; two Beethoven sonatas; two Bach fugues; two groups of smaller solos. The School diploma, signed by the officers of the School, is granted the graduates in Piano.

For those who desire to continue in the School and carry their work to a greater degree of attainment two courses have been arranged, as follows:

GRADE VII

(ADVANCED COURSE)

Czerny, *School of the Virtuoso*; Kullak, *Octave Studies*; études by Neupert, Seeling, Foote, and Moscheles; sonatas by Scarlatti, Weber, and Grieg; concerto in D minor, Mozart, and in C major, Beethoven; compositions by Raff, Reinecke, Liszt, Rubinstein, Schumann, Sinding, Debussy, and others; Beethoven's more important sonatas.

GRADE VIII

(MEDAL COURSE)

Includes the work of the previous seven grades and

Études by Chopin, Opus 10 and 25; Henselt, Opus 2 and 5; Rubinstein, Opus 23; Liszt's transcriptions of Bach's works and Hungarian rhapsodies; Beethoven, sonatas, Opus 53 and 57; Schumann, toccata and sonata, Opus 22; Chopin's larger works, and modern works of artistic merit and importance.

(This course requires a year to complete.)

A demonstrative recital given before the School is required of each graduate in each course, the program being memorized.

*Violin Course*

ELEMENTARY

Hohman, Mitchell, easy pieces.

GRADES I AND II

Wohlfahrt, Opus 45, Book I; Kayser, Opus 20, Book I; Pleyel and Mazas, easy duets; Ries, Book I; pieces of corresponding grade.

GRADES III AND IV

Wohlfahrt, Opus 45, Book II; Kayser, Opus 20, Book II; Ries, Book II; Hans Sitt scales, or Schradieck.

GRADES V AND VI

Mazas, Opus 36, Book I; Kreutzer, to double stops; sight read Mazas and Viotti duets; concerto, Viotti, 23 or 28.

GRADES VII AND VIII

Kreutzer, Herman, Rode, Fiorillo, Rovell, Ganinie, Dancla, Opus 100.

REQUIREMENTS FOR GRADUATION: A Senior recital, program to be selected by the instructor, to suit style and ability of player; a concerto, Viotti, Sitt, or Rode; air varié, Dancla; and regular theory course as given in Music and Arts Course.

Particular attention is given to manner of holding the violin and bow, and the general position of the student, while playing.

### *Vocal Course*

The first and most important consideration in voice-building is the establishment of correct breathing. This fact will be emphasized throughout the entire course.

### *Outline of Vocal Course*

*First and Second Grades.*—Exercises for tone production; exercises in breathing; elements of notation; exercises in vocalization and solfeggio; sight-singing.

*Third and Fourth Grades.*—Exercises in vocalization and solfeggio continued; exercises for articulation in English and Italian; studies by Sieber, Concone, Vaccai, Lamperti, Marchesi, and others are used; arias of moderate difficulty, ensemble singing.

*Fifth and Sixth Grades.*—More difficult studies in phrasing and expression; exercises for flexibility, embellishment, etc., at the same time building and memorizing a repertoire of church, concert, and operatic music.

### *Requirements for Graduation*

A knowledge of the best songs of the modern German, French, and English composers; the most noted songs from Schubert, Schumann, and Franz.

Arias from the standard oratorios.

Arias from the standard operas.

Anthology of Italian songs of the seventeenth and eighteenth centuries.

A knowledge of piano music, equal to the first and second grades of the Piano Course.

Sight-singing. The course extends over one year.

Harmony and Music History. The course in Harmony extends over one year, five lessons a week. The course in Music History extends throughout one-half year, five lessons a week. Required literary work (see p. 41).

For those satisfactorily completing the regular course and desiring to be more proficient, an advanced course has been arranged.

### *Advanced Course*

The continuation of first course, with more finish and breadth of style.

Greater familiarity with the standard operas and oratorios.

Bordogni's 36 *Vocalises*, Books I, II.

Exercises, studies, and pieces of noted difficulty.

Proficiency in sight-singing.

A knowledge of piano music equal to third grade.

The final examination will include the rendering of a recital program memorized.

*Public-School Music*

This department offers an opportunity for comprehensive study of the Theory and Practice of Public-School Music to those who desire to prepare for supervising music in the public schools, and for grade teachers who wish to better the music in the individual grade.

FIRST YEAR

1. Notation. Ear training.
2. Outline of systematic work for first three grades.
3. Presentation of the Rote Song.
4. Methods of presentation and development of the different rhythmic and melodic problems.
5. High-school course and glee clubs.

SECOND YEAR

1. Methods (continued).
2. Study of Child Voice.
3. Art of Conducting.
4. Relation of supervisor to the grade teacher.
5. Continuous practice work throughout the year in the public schools of the city under the direct supervision of the critic teacher.

Music History, Sight-Singing, Harmony, and one year of Voice will be required for a diploma from this department, along with scholastic work required for graduation in Piano or Voice (see p. 41).

*Victrola*

The victrola is used freely in connection with classroom work in History of Music and in the chapel exercises. The list of records includes much of the best music by the great artists.

*Courses in Art*

MISS BAWDEN

Pupils are not received for less than three hours a week.

GRADES I AND II

Chiefly charcoal work from the simpler casts, in outline and general light and shade, together with studies of familiar objects from still-life. Colored chalks and pen-and-ink drawing. A pencil sketch class gives all students an opportunity to draw from nature, still-life, and life.

### GRADES III AND IV

Drawing from the more difficult antique casts, with shadows carried farther. Perspective and composition. Outdoor sketching in various materials. Pastel and pen-and-ink work. Studies from nature and still-life in monochrome and color.

### GRADES V AND VI

More difficult cast work: Water-colors and oils, from advanced still-life, and arrangements of fruits and flowers. Outdoor, interior, and life-studies.

### *Advanced Course*

Those who have completed the regular course and desire to continue are given a year of advanced work.

The course consists of original studies from nature, in any material used in the School. These are expected to show the pupils' ideas of composition in form and color. They are to be landscape, portrait, full-figure, and still-life.

This course is expected to need two and one-half hours' instruction daily in the studio.

### *Equipment*

The studio is large and well lighted and is supplied with a collection of casts, pottery, antique brass and copper, draperies, studies, and designs, with additions from time to time. Good art magazines.

### *Required Academic Work for Graduates in Music and Art*

|   |                      |
|---|----------------------|
| French or Latin or Spanish . . . . .              | 2 units              |
| History . . . . .                                 | 1 unit               |
| Rhetoric and Composition and Literature . . . . . | 3 units              |
| History of Music or Art . . . . .                 | $\frac{1}{2}$ unit   |
| Elective Scholastic Work . . . . .                | $6\frac{1}{2}$ units |

Music pupils must have one unit of Harmony. This may be substituted for one elective if desired.

Pupils of mature years may be allowed to offer substitutes for the required literary work. Diplomas are granted pupils who complete the courses in Music or Art, as well as to graduates from the Scholastic Department.

Pupils not desiring to graduate may take Music or Art or other studies as they wish, subject to the approval of the President.

School bills are payable, \$10.00 when room is engaged, \$340.00 at opening in September, \$250.00 January 1. Those who enter for second semester only, pay \$300.00.

1. It is understood that all house pupils enter for the year, unless written arrangements to the contrary are made on entering.

2. *Payment of Bills.*—If bills are desired before payment is made, they should be asked for long enough in advance to have drafts in the hands of the School at time of registration on day of opening. In absence of a bill in advance the regular fee, \$350.00, for home and tuition, must be paid at the time of registration at the opening in September. For dates see *Calendar*, p. 5. When a student is compelled to be absent from the School by protracted illness of the student herself covering six weeks or more during term time, the loss for the time after room is surrendered may be shared between the pupil and the School. See also "Registration," p. 48. No money is returned to pupils dismissed or suspended.

3. Girls who are ill cannot be cared for properly in their own rooms and will be required to go to the infirmary. Meals are not served in rooms except in cases of illness when it has not been possible for the girl to go to the infirmary. During illness pupils pay for the services of the nurse for time actually given and for simple remedies furnished. Pupils in the infirmary are charged \$1.50 a day for nurse and meals; more, if night work is needed. In serious illness pupils employ a special nurse and physician. Girls who need the constant care of a physician are not desired nor received. The infirmary is in charge of a trained nurse and her assistant. The nurse cares for minor ailments and decides whether the services of a physician are necessary. She also gives informal talks to the students on how to keep well.

4. *Laundry.*—The laundry must be plain. All pieces difficult to iron will be charged extra. Shirtwaists extra between December 1 and April 1. Laundry should be marked, *in all cases*, with woven names (not initial letters) made by J. & J. Cash Co., South Norwalk, Conn. Write them for price giving the name of the School. They are inexpensive, lasting, and cannot be washed out easily.

5. *Student Service.*—The School offers a small number of worthy pupils of limited means opportunity to reduce their expenses by doing clerical work in dining-room. Prospective students who seek such aid should write the President, stating what part of the regular bill it is essential that they earn, and what kinds of work they are able and willing to do.

6. Books, stationery, art materials, toilet articles, inks may be purchased at the School Book Store at usual rates. These articles will be sold on credit and an account will be rendered three times a year.

Parents who wish to intrust spending-money for their daughters to the care of the office may do so.

7. Parents are urged to give their daughters a monthly allowance which should cover all their expenditures while at school, extra laundry, and general

shopping. Five dollars a month is a fair amount. Many girls can get along comfortably on considerably less. In no case should it exceed \$10.00 per month. Money cannot be loaned pupils by the School President. In emergencies money should be sent by telegraph.

8. *Deposit on Room.*—Applications for rooms should be sent to the President. The sum of \$10.00 must be deposited when a room is engaged either by old or by new pupils, and no room will be reserved unless this deposit has been made. This deposit will be deducted from the bill of the first semester; or, if the pupil gives up the room before August 1, the deposit will be returned on request.

9. *Absences from Classes.*—Pupils who "cut" the first recitation after the vacation in Winter or Spring, will be charged \$5.00.

10. No pupil whose bills are not fully paid may receive a diploma. No pupil is expected to leave the School at any time until all school bills and miscellaneous bills are paid.

## General Information

*Special Students.*—Students who do not expect to go to college may select such studies as they wish, under the limitations named on p. 26, and may secure a diploma after having done the fifteen units in any work selected. Students who prefer not to work with a view to graduation are free to select such studies as they wish, provided they keep their time occupied.

*Examination and Grading of Students.*—A student who has successfully completed her Academic course is admitted to the University of Chicago, to all colleges of the North Central Association of Colleges and Secondary Schools, and to other colleges which accept certificates, without further examination. Examinations are held at the close of each semester.

The final grade is the average of the term grade and the examination grade.

The passing grade is 60. Those who receive an average above 60, the examination grade being below 50; also those who receive an average below 60, the examination grade being above 50, must take another examination within six weeks of the resumption of school work in order to receive credit.

In both College and Academy, no class grade below 50 will be averaged with an examination grade.

1. In the Academy. For graduation 15 units are required, with a passing grade in each course.

A student will be recommended to college only if the general average of all grades received is higher than the passing grade by 25 per cent of the difference between the passing grade and 100. For example: For a passing grade of 60, an average of 70 is required for recommendation to college; for a passing grade

of 75, an average of 81 will be required. One-half of the courses taken in the Senior year must be 70 or above.

2. In the Junior College: The standard for graduation and for certification for continued work in other schools is the same.

The general average of all scholastic work must be 70 or above. For students asking recommendation to college before graduation no course with an average under 70 will be recommended.

No College girl may earn more than sixteen hours per semester; nor carry more than one extra (Music, Art, Expression) with sixteen hours; and no Academy girl may carry more than four studies and one extra, except with the consent of the Faculty.

*Absences.*—Permission must be obtained, when practicable, in advance, for absence from church, from physical exercises, from chapel, and from study hours, as well as from recitations. Students are expected to attend every exercise. Parents are requested not to ask that their daughters be excused before the work is entirely completed at vacations. Such requests are rarely granted. The full work continues to the hour of closing, and full work begins at the hour of opening after winter and spring vacations. A charge of \$5.00 will be made to each pupil who is not present at her first class recitation at the opening of school after the winter and spring vacations, except in emergencies which the Faculty may decide are sufficient ground for excuse.

*Sunday.*—Parents are asked to co-operate with the school in keeping Sunday free from visiting, to the end that the rest and quiet and religious exercises of the day may not be interrupted.

*Guests.*—When notified in advance, the School makes arrangements for entertainment of friends of pupils not to exceed three days at one time. Parents who come to inspect the School, or who bring their daughters to the School, are particularly welcome. At Commencement usually only guests of Seniors can be received. Pupils are not excused from any regular school duty on account of guests. Lengthy visits are disapproved. Pupils are not allowed to go to the railway station to meet friends or relatives or to see them depart.

*Absence from Town.*—No student may, under any circumstances, leave the town without permission previously obtained from the Dean of Women on written request of parent. Reasonable week-end absences are allowed. Such requests should be addressed direct to the Dean of Women and in ample time for correspondence. Frequent absences interfere with the studies and health of the pupil concerned, and also disturb the work of other pupils, and seriously diminish the efficiency of the School.

*Special requests* of any kind should come from the parent to the President direct, not through the student. Parents should not consent to requests by

pupils. involving suspension of School regulations until written request has been made to the President direct and answer has been received.

*Advantages of House Residence.*—Students from out of town are required in all cases, unless residing with near relatives (as near as uncle), to occupy rooms in the school buildings. Students occupying such rooms avoid many distractions, come into very close contact with the life of the School, and are more likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance, and to gain from their fellow-students an enthusiasm for study and learn how to live with people. Not infrequently the best and most lasting results of school life are derived from its associations. Rules for house pupils are furnished on entrance. In general, they provide for the order and behavior of the pupils as would be expected in a good home. Academic pupils are free within the grounds in recreation hours. When outside the grounds, they are under the oversight of teachers, as when they visit dentists, dressmakers, and stores. Names of roommates cannot be given in advance.

*College Girls.*—The occupants of College and William Parker McKee Halls enjoy student government under a constitution adopted by themselves and approved by the Faculty.

*Rooms and Furnishings.*—Rooms are of different kinds and sizes. Several rooms in West Hall are single and two in West have space for three each. For extra charge for one pupil in a room, see p. 42. All rooms are furnished with single beds, 6'×6' 3", chairs, table, bureau, washstand, and window shades. (Windows 6×4, as a rule. Dresser tops 38×19. Commodes 33×18.) Students furnish rugs (if desired), three sheets, three pillow-cases 20×26, all bed clothing, six towels (three bath, three plain), four napkins, and napkin ring, knife, fork, spoon (for use in their own rooms), one gymnasium suit, black bloomers, two plain white middies, black tie and tennis shoes, flannel night robes, one pair storm rubbers, hot-water bottle, umbrella, heavy walking shoes. They should also bring dictionary and Bible.

*Dress.*—The School does not dictate definite rules of dress, since dress is expressive of individuality. It is suggested, however, that in the selection of clothing two standards be observed: suitability and simplicity. For school wear, one-piece dresses of material suited to the season have been found satisfactory. The conventional dinner dress has no place in the school wardrobe, although pupils do not wear their school dresses to dinner. One or two simple evening dresses for wear at the school parties are essential. Millinery is not an important problem. A simple tailored hat of becoming shape is all that is required. The same rule of simplicity and suitability applies to shoes. High heels are out of place on the campus except for evening. For everyday and walking, plain well-made sport oxfords with low or medium heel are best.

Trunks are not allowed in the pupils' rooms but are stored and are accessible.

*As a precaution against fire, stoves of all kinds—oil, alcohol, gasoline, and chafing dishes—are prohibited in pupils' rooms. Pupils are not allowed to keep lamps, candles, or matches in their rooms, nor use electric devices.*

*Correspondence.*—Pupils' letters are never opened by the School. When parents wish correspondence restricted they should furnish list of correspondents.

*On entrance* every girl receives a careful physical examination. Parents are earnestly requested to supply any information that would assist in forming a just estimate of the pupil's physical needs. Parents and friends will assist in preserving the health of the pupils if they will not send them food or confectionery except at Thanksgiving and on birthdays.

The food furnished by the School is wholesome and abundant, therefore Academy girls are not permitted to receive food from home except under the following conditions: At Thanksgiving girls are allowed to receive a box of food which must not include canned goods, meats, fowl, or fish, and must not exceed 5 lbs. in weight (this is imperative). This must reach Mt. Carroll by the Saturday after Thanksgiving Day. On their birthdays Academy girls are also allowed to receive a small box of cookies or cake. *If food is sent contrary to rules, it may not be delivered. This rule is strictly enforced.* Occasionally a small box of candy or homemade cookies may be sent on Saturday. Fruit may be furnished at any time. Fruit may be purchased, and permission is given to make candy occasionally.

*Telephone.*—The use of the telephone is limited, in the interest of pupils. Strangers are not allowed to talk with pupils on the telephone. All conversations must be limited to recreation hours and to parents.

*Express.*—All express and telegrams must be sent in care of the School and should be prepaid to avoid delay.

*Care of Rooms.*—The girls are required to care for their own rooms, which are inspected daily. On school days they must be clean and in order by 8:00, when recitations begin. On Monday forenoon (the weekly holiday) the rooms are given a more thorough cleaning and are inspected at ten o'clock. A list of the rooms with marks they receive from the inspector is kept posted on the bulletin board. Personal instruction is given girls where necessary.

*House Meeting.*—All house pupils are required to gather in the Auditorium Monday forenoon for half an hour. At this time talks are given by the Dea of Women on various subjects touching ethics and manners, including such matters as table manners, neatness and taste in dress, care of rooms, deportment in school and in public.

*The Dining-Room.*—Each table in the dining-room seats ten and presided over by a teacher. One of the College girls assists at each table presiding in the absence of the teacher. Seats in the dining-room are changed

every six weeks, so that each girl has an opportunity of coming in contact with several of the teachers and varying groups of girls.

*The School Day.*—The school hours are from 8:05-12:10 and 1:10-3:25. Evening study hours from 6:45-9:00. The forenoon study is broken by chapel exercises at 10:20. After 3:40 the girls either have gymnasium work or exercise out of doors. The dressing-bell rings at 5:15. After dinner the library is open and all the magazines and newspapers are available for general reading. The gymnasium is also open for informal dancing and the parlors in the various halls are at the disposal of the girls who prefer to gather there.

*Saturday Evening.*—Saturday evening and Monday afternoon are for recreation. Saturday evening usually there are entertainments or parties of some kind which include all of the girls. Each class entertains the whole school at a party, and usually several classes also give, in the Auditorium, entertainments which are open to the public. Besides these functions there are various class parties, birthday spreads, luncheons, or dinners prepared and served by the girls with the assistance or under the supervision of one of the teachers. In the spring and fall there are many picnics and walking and other parties, the open and rolling country around the School being particularly favorable for such out-of-door interests. A teacher always accompanies the girls on such occasions, and they are not allowed to interfere with regular school work.

*Class Counselors.*—Each class elects a member of the Faculty as class counselor to assist in and superintend all class activities.

All secret societies are forbidden in the School.

*Religious Life of the School.*—Daily chapel services are held, attended by all teachers and pupils.

A weekly prayer-meeting is sustained by the Young Women's Christian Association. All pupils go to the Baptist or Methodist church and Academy pupils attend Sunday school. Sunday evening a vesper service for the members of the School is held, led by the President, by one of the teachers, or by the Y.W.C.A., or by an outside speaker once a month. The intention is that the influences in the School shall be those of a refined Christian home.

*Registration Hours* are on the day preceding the opening of each term and on the day of opening. Money paid for extras (music, art, etc.) may be transferred if registration is changed, but will not be returned after the semester opens. See also p. 43, sec. 2.

*All Business Communications* should be addressed to the President.

*Diplomas* are granted pupils who complete the work either in the Scholastic Department or in Music, Art, or Elocution, and in College Home Economics

# THE FRANCES SHIMER SCHOOL

## *Young Women's Christian Association*

This organization maintains a weekly prayer-meeting, encourages social life among the pupils, sends delegates to national students' gatherings, takes charge of Sunday evening meetings occasionally, and seeks in various ways to stimulate religious interest among the pupils and interest in philanthropic work in the world.
